

113TH CONGRESS
1ST SESSION

S. 220

To create a Citrus Disease Research and Development Trust Fund to support research on diseases impacting the citrus industry, and for other purposes.

IN THE SENATE OF THE UNITED STATES

FEBRUARY 4, 2013

Mr. NELSON (for himself, Mrs. FEINSTEIN, and Mrs. BOXER) introduced the following bill; which was read twice and referred to the Committee on Finance

A BILL

To create a Citrus Disease Research and Development Trust Fund to support research on diseases impacting the citrus industry, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Citrus Disease Re-
5 search and Development Trust Fund Act of 2013”.

6 **SEC. 2. FINDINGS AND PURPOSES.**

7 (a) FINDINGS.—Congress finds that—

8 (1) duties collected on imports of citrus and cit-
9 rus products have ranged from \$32,000,000 to
10 \$87,000,000 annually since 2004, and are projected

1 to increase, as United States production declines due
2 to the effects of huanglongbing (also known as
3 “HLB” or “citrus greening disease”) and imports
4 increase in response to the shortfall in the United
5 States;

6 (2) in cases involving other similarly situated
7 agricultural commodities, notably wool, the Federal
8 Government has chosen to divert a portion of the
9 tariff revenue collected on imported products to sup-
10 port efforts of the domestic industry to address chal-
11 lenges facing the industry;

12 (3) citrus and citrus products are a highly nu-
13 tritious and healthy part of a balanced diet;

14 (4) citrus production is an important part of
15 the agricultural economy in Florida, California, Ari-
16 zona, and Texas;

17 (5) in 2012, citrus fruits were produced on ap-
18 proximately 804,300 acres in the United States,
19 yielding approximately 11,373,000 tons of citrus
20 products with a value at the farm of more than
21 \$3,443,289,000;

22 (6) the commercial citrus sector employs ap-
23 proximately 110,000 people and contributes approxi-
24 mately \$13,500,000,000 to the United States econ-
25 omy;

1 (7) the United States citrus industry has suf-
2 fered billions of dollars in damage from disease and
3 pests, both domestic and invasive, over the decade
4 preceding the date of the enactment of this Act, par-
5 ticularly from huanglongbing;

6 (8) huanglongbing threatens the entire United
7 States citrus industry because the disease kills citrus
8 trees;

9 (9) as of the date of the enactment of this Act,
10 there are no cost effective or environmentally sound
11 treatments available to suppress or eradicate
12 huanglongbing;

13 (10) United States citrus producers working
14 with Federal and State governments have devoted
15 tens of millions of dollars toward research and ef-
16 forts to combat huanglongbing and other diseases
17 and pests, but more funding is needed to develop
18 and commercialize disease and pest solutions;

19 (11) although imports constitute an increasing
20 share of the United States market, importers of cit-
21 rus products into the United States do not directly
22 fund production research in the United States;

23 (12) disease and pest suppression technologies
24 require determinations of safety and solutions must
25 be commercialized before use by citrus producers;

(14) research to develop solutions to suppress huanglongbing, or other domestic and invasive pests and diseases will benefit all citrus producers and consumers around the world.

10 (b) PURPOSES.—The purposes of this Act are—

11 (1) to authorize the establishment of a trust
12 funded by certain tariff revenues to support sci-
13 entific research, technical assistance, and develop-
14 ment activities to combat citrus diseases and pests,
15 both domestic and invasive, harming the United
16 States; and

1 the Trade Act of 1974, as added by section 3(a) of
2 this Act.

3 (c) EFFECT ON OTHER ACTIVITIES.—Nothing in this
4 Act restricts the use of any funds for scientific research
5 and technical activities in the United States.

6 **SEC. 3. CITRUS DISEASE RESEARCH AND DEVELOPMENT**

7 **TRUST FUND.**

8 (a) IN GENERAL.—The Trade Act of 1974 (19

10 “(2) LIMITATION.—The amount transferred to

12 year may not exceed the lesser of—

13 “(A) an amount equal to $\frac{1}{3}$ of the amount
14 attributable to the duties received on articles
15 described in paragraph (1); or

16 “(B) \$30,000,000.

5 relating to contracts or other agreements en-

9 by the Secretary in carrying out the provisions
10 of that Act.

12 “(1) IN GENERAL.—The Secretary of the
13 Treasury shall invest such portion of the Trust
14 Fund as is not required to meet current withdrawals
15 in interest-bearing obligations of the United States
16 or in obligations guaranteed as to both principal and
17 interest by the United States. Such obligations may
18 be acquired on original issue at the issue price or by
19 purchase of outstanding obligations at the market
20 price. Any obligation acquired by the Trust Fund
21 may be sold by the Secretary of the Treasury at the
22 market price.

23 “(2) INTEREST AND PROCEEDS FROM SALE OR
24 REDEMPTION OF OBLIGATIONS.—The interest on,

8 condition and the results of the operations of the Trust
9 Fund that includes—

14 into a trade agreement if the President determines that
15 entering into the trade agreement could result—

16 “(1) in a decrease in the amount of duties col-
17 lected on articles that are citrus or citrus products
18 classifiable under chapters 8, 20, 21, 22, and 33 of
19 the Harmonized Tariff Schedule of the United
